ELECTRICAL SYSTEM---Justina needs to call National Grid to see what is going on, as they were at Christ Episcopal today... flickering, etc.

TREES ON CAMPUS--- Paul needs check with the tree service and have them perform an assessment of the trees. There was a necessary trimming of the hydrangea bush next to the shed as it collapsed.

BACK PORCH ---The group agreed that Paul needs to put more jacks in to support the back porch.

SNOW REMOVAL----Chuck will take this on and we will have team members on call when Chuck can't make it. We will need to notify the contracted landscaper that we will no longer need their services.

FALL CLEANUP INSIDE AND OUT—We will have a church wide clean up in conjunction with the Cub Scouts on Saturday, November 3 from 9-noon. This will include raking leaves and cleaning the kitchen, chapel, etc. WE will invite the entire congregation to take part.

CHURCH CLEANING---Lisette Wachtel has taken on this duty, working no more than 6 hours per week. She has done well so far, even removing stains on newly carpeted stairs!

HANDICAPPED ACCESSIBILITY---Scott will talk to architect to maybe get a modified scaled down in phases. Also, Scott will talk to Mark Besse. A church member has expressed interest in donating to this project, and we will see if it can be done in phases.

SOUND SYSTEM---Norm will work on installing the new lapel mike on Thursday.

SANCTUARY CARPET---The wear of the carpet in the front of the sanctuary is extremely noticeable, and there was discussion as to possibly taking a few pews out of the front

to provide more room for worship leaders. Walt will contact some carpet firms to get estimates on at least the front part.

DOWNSTAIRS LEAKY SINK----Chuck will fix it.

MAIN OFFICE OVERHEAD LIGHT---Norm will repair it on Thursday.

COLD WATER PRESSURE IN KITCHEN---Chuck will look at it.
